Everything connected to a single Point of Sales system

Mink Foodiee In-House Orders

With Mink Foodiee's In-house ordering technology, hotels and restaurants are able to provide their guests with a advanced-tech intelligent ordering system in which their guests can place food orders from the their mobile and the house-keeping and kitchen team is able to process the same from our portal. Here's how it works

1
Go to In-house orders in the
Mink Foodiee
Mobile Application.

3
Get your re-directed menu

4
Select your menu and order

5
Get your food cooked & grilled

6
Bon Appetit!

Benefits of In-House ordering :

- 1 *Never miss an order request from the Guest. All the order requests are recorded in your system.*
- 2 *Unique Digital Activation keys for each guest to maintain track of orders placed by the Guests.*
- 3 *Quick Menu Updation for your restaurant as per the availability. This reduces Menu Printing costs and miscommunications.*
- 4 *Our Geolocation Locking system secures you from any fake orders as the Guest can only place an order when they are physically present in your premises.*
